Internet connection

Powerful Wireless N router for a high performance network!

With the Eminent EM4550 Wireless Router you can share your Internet connection at high speed (up to 300 Mbps). This powerful Wireless N router with 3 antennas will increase your wireless range significantly! Connect multiple users, wireless or wired! Enjoy the speed of a wireless network and share your Internet connection easily. Thanks to the blazing speed, the EM4550 Wireless Router is perfectly for playing online games and distributing videos, music and photos.Use the unique installation wizard on the enclosed CD-rom to install the EM4550 for your Internet connection fast and easy. You can also use this wizard to setup your wireless network and security (WEP, WPA, WPA2).You can use the EM4550 Wireless Router as an high speed access point to expand your cabled network, or use the EM4550 Wireless Router to expand your wireless signal with the WDS feature.The EM4550 300Mbps Eminent router is backwards compatible with 54Mbps and 11Mbps devices, so you can still use your existing wireless network adapter to connect. To gain maximum wireless speed and range we advise you to use an Eminent 300Mbps network adapter (USB adapter EM4555, PC Card adapter EM4556, PCI adapter EM4557).
